Item No. 18

Operations Report

- On Friday afternoon, April 6, 2012, two new Toll Booths were installed by Telvent and opened to traffic in lanes 1 East & lane 12 West. Both lanes can be operated as Cash or E-ZPass.
- The center toll booths in lane 5 & 8 have been removed for the construction of the open road tolling lanes. Center lanes 5, 6, 7 & 8 are closed for construction.
- Presently we have four lanes eastbound (1, 2, 3 & 4) and four lanes westbound (9, 10, 11 & 12). Three lanes can be utilized for cash or E-ZPass and one lane for E-ZPass only in each direction.
- In an effort to alleviate traffic delays at the toll plaza for the unpaid toll reports and turn-around slips in the lanes, additional personnel was needed to help process these forms by having the motorist move thru the lane and over the side of the road.
- Adjustments to the Toll Collector Schedule will be made as needed during the construction of the Open Road Tolling Lanes and the Tunnel.
