Executive Director, RITBA

**GROUNDS MAINTENANCE  
MULCHING OF PLANTING AREAS AT ROUTE 138  
CONTRACT 13-4 A & B FOR  
THE RHODE ISLAND TURNPIKE AND BRIDGE AUTHORITY  
JAMESTOWN, RHODE ISLAND**

**GENERAL TERMS AND CONDITIONS**

1. **RECEIPT AND OPENING OF BIDS:**

Sealed bids will be accepted and time stamped upon receipt in the office of the RITBA Executive Director, 1 East Shore Road, Jamestown, RI until the time indicated on the attached Invitation for Bids, for the commodity, equipment or services listed in the Specifications and will be publicly opened and read in the Office of the Executive Director.

2. **FORM OF BIDS:**

Bids shall be submitted on the forms provided in accordance with instructions given in the specifications below.

This RFP is separated into 2 parts: (a) Grounds Maintenance and (b) Mulching of Planting Area on Route 138, Jamestown. Proposals may be submitted for Part A only, Part B only, or all-inclusively for both Parts A and B.

3. **Mandatory pre-bid meeting will be held on **Tuesday, February 26, 2013 at 9:30 am** at the offices of the RI Turnpike and Bridge Authority.**

4. **SUBMISSION OF BIDS:**

- a. Envelopes containing bids must be sealed and addressed to the Executive Director of the Rhode Island Turnpike and Bridge Authority and marked with the name and address of the bidder date and hour of opening and the name of the item in the bid call.
- b. Bids will be accepted until 3:00 pm, March 4, 2013. No bid received thereafter will be considered.
- c. A bidder may withdraw his bid by written request at any time prior to the advertised time for bid opening. E-mailed bids, amendments or withdrawals will be accepted.
- d. Unless otherwise specified, no bid may be withdrawn for a period of sixty (60) days from time of bid opening.

**RHODE ISLAND TURNPIKE AND BRIDGE AUTHORITY**

Jamestown, Rhode Island

- e. Negligence on the part of the bidder in preparing the bid confers no rights for the withdrawal of the bid after it has been opened.
- f. Bids received prior to the time of opening will be securely kept, unopened. No responsibility will be attached to an officer or person for the premature opening of a bid not properly addressed and identified.
- g. Any deviation from the Specification must be noted in writing and attached as part of the bid. The bidder shall indicate the item or part with the deviation and indicate how the bid will deviate from the Specifications.
- h. IRS Form W-9, must be completed and submitted with the bid if the bidder falls under IRS requirements to file this form.

5. **RHODE ISLAND SALES TAX:**

The Rhode Island Turnpike and Bridge Authority is exempt from the payment of Rhode Island Sales Tax under the 1956 General Laws of the State of Rhode Island, 44-18-30, Paragraph I, as amended.

6. **FEDERAL EXCISE TAX:**

The Authority is exempt from the payment of any excise tax or Federal Transportation taxes. The prices proposed must be exclusive of taxes and will be so construed.

7. **PRIVAILING WAGE:**

The contract for Grounds Maintenance at the Rhode Island Turnpike and Bridge Authority is subject to current Prevailing Wage Laws.

8. **BONDS AND INSURANCE:**

The Contractor shall carry and maintain the following insurance coverage at his own expense:

- a. All insurance for this Contract shall be written by a company (or companies) acceptable to the Authority and all policies shall be submitted to the Authority for examination prior to commencement of operations by the Contractor.
- b. Contractor's Liability Insurance  
Liability Insurance shall include all major divisions of coverage and be on a comprehensive general liability basis including:
  - Premises – Operations
  - Independent Contractor's Protective
  - Products and completed operations
  - Owned, non-owned and hired motor vehicles

**RHODE ISLAND TURNPIKE AND BRIDGE AUTHORITY**  
Jamestown, Rhode Island

Broad form coverage for property damage (including explosion, collapse and underground)

c. The insurance required by this Subparagraph (b) shall be written for not less than the following, or greater if required by Law.

1. Worker's Compensation
  - a. State of Rhode Island – Statutory
  - b. Employer's Liability
2. Comprehensive General Liability (including premises operations; independent contractor protective; products & completed Operations; Broad Form Property Damage):
  - a. Bodily Injury:
    - \$1,000,000 – Each Occurrence
    - \$1,000,000 Annual Aggregate
  - b. Property Damage
    - \$1,000,000 – Each Occurrence
    - \$1,000,000 Annual Aggregate

Property Damage Liability Insurance will provide X, C or U coverage as applicable.

3. Contractor's Liability
  - a. Bodily Injury:
    - \$1,000,000 – Each Occurrence
  - b. Property Damage
    - \$1,000,000 – Each Occurrence
    - \$1,000,000 Annual Aggregate
4. Personal Injury, with Employment Exclusion deleted:
  - \$1,000,000 Annual Aggregate
5. Comprehensive Automobile Liability:
  - a. Bodily Injury:
    - \$500,000 Each Person
    - \$1,000,000 – Each Occurrence
  - b. Property Damage:
    - \$1,000,000 – Each Occurrence

6. Property Insurance:

The Contractor shall purchase and maintain property insurance upon the entire Work at the site to the full insurable value thereof.

9. **QUALIFICATIONS OF BIDDERS: ADD**

The bidder shall furnish the Authority with all such information and data required on the attached AIA Contractor's Qualification Statement with the bid package.

10. **ADDENDA AND INTERPRETATIONS:**

No interpretation on the meaning of the Plans, Specifications or other Contract Documents will be made to any bidder orally. Every request for such interpretation must be in writing or by e-mail addressed to the Chief Financial Officer (CFO), RITBA, PO Box 437, Toll Plaza, Jamestown, Rhode Island 02835 or via email at nparrillo@ritba.org. To be given consideration, questions must be received at least seven (7) days prior to the date fixed for the opening of the bids.

All questions pertaining to the specifications or bid procedure should be first directed to the CFO. Where information from the CFO differs from information received from another source, the information from the CFO prevails.

11. **HOLD HARMLESS:**

The successful bidder shall be responsible for his work and every part thereof, and for all materials, tools, appliances and property of every description used in connection therewith. The successful bidder agrees to indemnify and save harmless the Rhode Island Turnpike and Bridge Authority, its employees and agents, against loss or expense by reason of the liability imposed by the law upon the successful bidder, all sub-contractors or the Authority for damage because of bodily injuries, including person or persons or on account of damage to property arising out of or in consequence of the performance of this work whether such injuries to persons or damage to property are due or claimed to be due to any negligence, including gross negligence, of a subcontractor, the Authority, the General Contractor, his employees or agents, or any other person.

## **PART A**

### **GROUNDS MAINTENANCE**

**DESCRIPTION.** The Rhode Island Turnpike and Bridge Authority is seeking bids for Grounds Maintenance at the Rhode Island Turnpike and Bridge Authority in Jamestown and Newport, Rhode Island. A map of the areas for consideration is attached. This **includes the planters** at the bottom of the off-ramp into Newport. Also, there may be the occasion that the Authority takes ownership of additional properties, at which point reasonable compensation will be negotiated based on the expansion of the scope of work. The contract is for a two-year period with the potential of 2 additional 1-year extensions. Responses will be considered bid as such.

All persons acting as forepersons to the Maintenance Crews must have a current Rhode Island Arborist License and Commercial Applicators License and shall be on site at all times during work activities.

**MATERIALS.** Water, fertilizer, pre-emergent herbicide, mulch, anti-desiccants, stakes, guy webbing, and plant material shall conform to the applicable requirements of SECTION M.18; LANDSCAPING MATERIALS, of the Rhode Island Department of Transportation Road and Bridge Construction, current edition.

### **CONSTRUCTION METHODS.**

**General.** This work shall consist of the maintenance of previously planted trees, shrubs, vines, perennials, ornamental grasses, ground covers, and bulbs as shown on the Plans, in accordance with these Specifications and/or at the direction of the RITBA. Maintenance tasks shall include, but shall not be limited to, watering, weeding, mulching, fertilization, pruning, mowing and replacement of dead, dying, or rejected plant material in accordance with the following schedule:

#### **APRIL**

General Spring Cleanup – Refer To Mapped Locations

- Remove all leaves, weeds and debris from planting areas
- Prune and/or trim deadwood from plant material according to current arboricultural standards and practices
- Cut back any Perennials or Grasses not completed in the Fall Cleanup
- Re-edging of bedlines to maintain straight lines/smooth flowing curvature and re-grading of edges along turf and hardscape to attain a proper reveal with the finished application of mulch (+/- 1 1/2”-2” depth)
- One application of granular fertilizer for grasses and perennials (14-14-14 or Equal)
- One application of pre-emergent herbicide (“TREFLAN” 5G or Equal)
- One application of post-emergent herbicide to eradicate weeds and undesirables in planting areas and curblines (“ROUNDUP PRO” or Equal)
- Sweeping of all walkways and curblines as related to the outlined scope of work
- Proper off-site disposal of all accumulated debris

**MAY**

**Monthly Site Visitation (Typical Of Months May – October)**

- Remove all weeds and debris from planting areas
- Selective pruning and/or trimming of plant material according to current arboricultural standards and practices
- “Deadheading” and/or “tipping” of annuals and perennials as applicable
- One application of post-emergent herbicide to eradicate weeds and undesirables in planting areas and curblines (“ROUNDUP PRO” or Equal)
- Prepare a detailed list of any dead, damaged or missing plant material for review by the Director or authorized RITBA representative  
(Any replacement of plant material as approved shall be an add-on to “Base Contract”)
- Sweeping of all walkways and curblines as related to the outlined scope of work
- Proper off-site disposal of all accumulated debris
- Seasonal spraying of selected plant material (as applicable) incorporating an Integrated Pest Management Program (IPM)

In addition to Monthly Site Visitation (Typical) for May only provide:

**Mulch All Planting Areas To Maintain A +/- 3” Depth**

- Apply double-ground hemlock-blend mulch and taper to bases of plant material, perennials and grasses, avoiding excessive buildup which can be detrimental to the long-term health of the plant
- Mulch shall be tapered to have a +/- 1/12”-2” reveal along all edges of turf and hardscape areas
- Sweeping of all walkways and curblines as related to the outlined scope of work
- Proper off-site disposal of all accumulated debris

**JUNE**

Monthly Site Visitation (Typical)

**JULY**

Monthly Site Visitation (Typical)

**AUGUST**

Monthly Site Visitation (Typical)

In addition to Monthly Site Visitation (Typical) for August only provide:

**General Pruning and Trimming of Plant Material**

- Prune and/or trim plant material according to current arboricultural standards and practices to maintain the natural growth habits of the plant  
**(Absolutely No “Balling” Of Plant Material Shall Be Permitted)**
- Sweeping of all walkways and curblines as related to the outlined scope of work

- Proper off-site disposal of all accumulated debris

### **SEPTEMBER**

Monthly Site Visitation (Typical)

### **OCTOBER**

Monthly Site Visitation (Typical)

One Application of One – Year Liquid Fertilizer For Evergreen And Deciduous Plant Material (Injection Method)

### **NOVEMBER**

General Fall Cleanup

- Remove all leaves and debris from planting areas
- Cut back perennials and remove annuals as applicable  
**(All Tall Grasses Shall Remain Uncut Until The Following Spring To Add “Winter Interest” To The Landscape)**
- Sweeping of all walkways and curblines as related to the outlined scope of work
- Proper off-site disposal of all accumulated debris

### **GENERAL REQUIREMENTS**

1. All persons performing planting or pruning operations shall possess a current Rhode Island Arborist License or be under the direct supervision of a licensed individual. All herbicides and chemicals shall only be applied by persons who possess a current Rhode Island Commercial Applicators License or be under the direct supervision of a licensed individual.
2. MSDS sheets shall be made available upon request.
3. All work shall be completed in such a manner so as not to disrupt normal daily activities or procedures and shall be coordinated with an authorized representative of RIBTA.
4. Landscape Contractor shall notify RIBTA personnel twenty-four (24) hours prior to any work being performed at the site.
5. Any Police details which may be needed during the term of this contract shall be paid for by the Landscape Contractor and reimbursed by the Rhode Island Turnpike And Bridge Authority as an add-on to contract total.
  - a. **Submittal.** The Contractor shall submit to the RITBA, at the start of each year, a schedule of work for maintenance activities for that year.
  - b. **Maintenance Crew.** The Contractor shall employ one or more Maintenance Crews during the contract period. All crews shall be under the direct supervisions of a person who shall possess a current Rhode Island Arborist License. Individual crew members shall be trained in current horticultural practices.

Maintenance Crews shall be responsible for manual and/or mechanical weed control, pruning, inspection and removal of dead or damaged plant material, planting, watering, mulching, bed edging, and fertilization.

**Mulching.** Mulch shall be placed during each year of the maintenance period on all individual plants and plant beds, or as directed by the RITBA. Prior to placement, all weeds, stones and other extraneous material shall be removed. The Contractor shall apply a pre-emergent weed control around all individual plants and plant beds to be mulched, pre-emergent weed control shall be applied by Licensed Rhode Island Commercial Applicator and at a rate in accordance with manufacturer's instructions.

The installation of Pine Bark Mulch shall be in accordance with the requirements of Paragraphs a and b of the Mulching of the Planting Specification. The amount of new mulch shall result in a finish depth of 2-inches of mulch (old and new) or as directed by the RITBA.

**Fertilization.** Fertilizer shall be applied during each year of the maintenance period on all individual plants and plant beds or as directed by the RITBA. Fertilization shall occur between April 1 and June 15 only.

Fertilizer shall be broadcast over all individual plants and plant beds at a rate of 1-ounce per square foot.

**Weed Control.** The Maintenance Crew shall manually remove all weed growth, including grass and litter from individual plants and planting beds. Woody growth, vines and other undesirable volunteers shall be removed and legally disposed of. The Contractor shall remove all weed growth, vines, and litter from wildflower areas. Weed control activities shall be performed in such a manner so as not to disturb or destroy plant material or mulched areas.

**Edging.** For each year of the maintenance period the Maintenance Crew shall edge all beds of individual plants and planting beds. The resulting edge shall be in accordance with the edging detail attached to these specifications.

**Pruning.** Pruning of all plants shall be performed in accordance with the Pruning Section of the Planting Specification.

**Insect and Disease Control.** Periodic inspection of all plantings by trained personnel is necessary to detect problems during early stages of insect infestations or disease infections. Application of all chemicals including insecticides and fungicides shall be carried out in accordance with Rhode Island state laws and only by individuals with current Rhode Island Pesticide Applicators License and shall be approved of by the RITBA prior to application.

**Inspection, Removal, and Replacement of Dead or Damaged Plant Material.** The contractor shall remove all dead or damaged plant material as determined by the RITBA. Removed material that was installed as part of this contract shall be replaced by the Contractor in kind, quantity and size as originally specified, with live, healthy specimens selected and planted in

accordance with the planting Specification. All replaced plant material shall be subject to the requirements of this specification up to, and until the end of this activity.

**METHOD OF MEASUREMENT.**

**Maintenance Period.** The “Maintenance Period” shall be measured for payment equally per month for eight months during the work season in accordance with the Plans and/or as directed by the RITBA.

**BASIS OF PAYMENT.**

**Maintenance Period.** The “Maintenance Period” shall be paid for at the contract unit price per month, for eight months during the work season. The price so-stated constitutes full and complete compensation for all labor, materials and equipments and for all incidentals required to finish the work completed and accepted by the RITBA.

**PART B**

**MULCHING OF PLANTING AREAS AT ROUTE 138 JAMESTOWN, RHODE ISLAND**

**DESCRIPTION.** The Rhode Island Turnpike and Bridge Authority is seeking bids for Mulching of Planting Areas at route 138 – Jamestown, RI. The contract is for a two-year period with the potential of 2 additional 1-year extensions and responses will be considered bid as such.

1. **SUMMARY OF WORK AND GENERAL SPECIFICATIONS**

- A. The project consists of all work associated with supplying and installing/spreading brown pine mulch at one inch depth to all the planting areas on Route 138 East and West in Jamestown. The length of the project is from the Jamestown Bridge to the Newport/Pell Bridge Toll Plaza.
- B. The mulch must conform to Rhode Island Department of Transportation Standard Specification Section M 18.08.3
- C. M.18.08.3 Pine Bark Mulch. Pine Bark Mulch shall be derived from evergreen tree bark aged a minimum of 6 months and no more than 18 months. The bark shall be shredded so that the resulting pieces are no more than 1/4 –inch thick and no longer than 3 inches. The mulch shall be dark brown in color, free of leaves, twigs, sod, weeds, shavings, and other foreign materials which are injurious to healthy plant growth.
- D. Materials: Pine Bark Mulch must conform to Section M.18.08.3 (including dark brown color) of the 2004 version of the RI Standard Specifications for Road and Bridge Construction. All materials must conform to the applicable Sections of the 2004 version of the RI Standard specifications for Road and Bridge construction.
- E. Prior cleaning, weeding, edging and applications of pre-emergent and or post-emergent weed control shall be completed **prior to** the initiation of the scope of work as outlined within this proposal.
- F. Sample to be provided for approval prior to installation.
- G. Pricing should not include any work zone establishment, Police details or traffic controls which will be provided by RITBA.
- H. These specifications provide minimum requirements. The work is done on a performance specifications basis. Means and methods for the work shall be by the contractor in accordance with the parameters specified herein.
- I. The RI Turnpike & Bridge Authority will provide any travel lane closures necessary to affect this contract. The Contractor shall schedule all work and any required closure of travel lanes with the Chief of Maintenance 48 hours in advance of said work to be performed.

**RHODE ISLAND TURNPIKE AND BRIDGE AUTHORITY**

Jamestown, Rhode Island

- J. The Contractor shall submit a work and safety plan before beginning any work.
- K. Contractor must be Licensed in R.I. to perform the specified work.
